

ISO Update

The Boles Fire Protection District has received the updated ISO rating. The new rating is a Class 4 for all residents and businesses that were a Class 7 or a Class 9.

The Boles Fire Protection District would like to thank all the residents and businesses of the Boles Fire Protection District for their continuous support.

Since the passage of the bond issue and tax rate increase in 2003, the Boles Fire Protection District has made the following improvements:

- Remodeled and updated Station 2 in Labadie
- Replaced Station 4 in St. Albans with a new station
- Replaced Station 3 in Villa Ridge with a new station
- Built Four Story Training Tower
- Replaced Station 1 Heavy Rescue
- Added a 3000 gallon tanker to Station 2
- Replaced Utility Truck at Station 2
- Replaced Firefighter's Personal Protective Equipment
- Updated Breathing Air Compressor
- Added Utility Pick Up
- Added 12 Full Time Paid Firefighters

Residents and Businesses should contact their insurance companies and advise them of the Class 4 rating. If your Insurance Company has any questions, have them contact us at 636-742-2515.

Be Safe and Practice Fire Safety.

Thanks again,

Boles Fire Protection District
